

ADMINISTRATOR / TEACHER SALARY COMPARISON CLARK COUNTY SCHOOL DISTRICT 2005-2009

The Teacher Salary Schedule has 16 steps with each step representing one year of teaching experience. The salary schedule has 7 classes with each class representing increased education. Additionally, for the 2006-2007 school year an additional column was added providing a \$3,000 salary increase. The teachers are required to work a 7 hour, 11 minute day which includes a ½ hour lunch time. The teacher work year is 184 days. This comparison is based on the Teacher Salary Schedule as it exists in school year 2006-2007.

The Administrative Salary Schedules have 7 steps. An administrator is placed on the schedules at a monthly salary determined by the next higher dollar amount above their monthly teacher salary. Additionally, the Administrative Salary Schedules have 25 ranges and the various administrative positions are uniquely placed on these ranges. Currently only 14 of the 25 ranges are being used which includes ranges 38 through 51 inclusive. Administrators are required to work an 8 and ½ hour day which includes a ½ hour lunch time. The administrative school year for 2006-2007 is 206 days, 227 days, and 246 days for 10, 11, and 12 month administrators respectively. The number of days changes each year based on the holidays, Saturdays, and Sundays.
